

Merry Christmas to All

To you, who by your trust and confidence, have made possible our success, we extend all good wishes of the Yuletide Season; and for ourselves only ask to learn to serve you better. May the genial glow of the Christmas log illuminate happy faces about your hearth.

CHRISTMAS OVERCOATS

Real all wool coats—made in Rochester by Michael-Stern. Coats with plaits, novelty cuffs and pull up collars. The smart belted styles give a swagger air to these truly good coats. They will keep Dad's body as warm as toast. Give the dear old breadwinner one of these smart, useful overcoats and watch his face brighten with a happy smile when he gives you his thanks on Christmas Morn.
Priced \$25 and Up.

TOPPY COATS FOR BOYS

We never forget the boys. Our showing of boys' overcoats express our thoughtfulness of their comfort. These coats are nifty affairs—smart and full of pep. You should see how the fellows like to snap into them. Bring your boys in and let us show you how they can "sense" style and value.
Sized 4 to 17 years
Priced \$6 to \$12.75

INDIVIDUAL CHARM

Expressed through dresses fashioned by Peggy Paige of New York. It is important that the youthful woman choose not only a pretty dress, but one that will best express her own individual charm. Our showing of silk and wool frocks is most alluring. Pleats! Tucks! Circular draperies! Beautiful tints! Fabrics that present absolutely new weaves and textures—every one in the most authentic mode, and every one an individual conception fashioned by Peggy Paige. We might write much more about these altogether captivating frocks—but come and see them for yourself—they most beautifully and economically answer the question of what to wear.

ORCHARD DOTS FROM THE COUNTY AGENT

How about that orchard, Mr. Farmer? If you have an orchard now is the time to see about spraying and pruning. If you haven't an orchard now is the time also to see about setting out one. Practically every farmer in Fairfield County can have at least a small orchard bearing excellent fruit if he will only make up his mind to do so. The failures of most of the orchards in the county are due to lack of attention. The time to control the scale and brown rot that kills most of our peach and plum trees is during the winter months. The way to do this is to spray with commercial lime sulphur, using one gallon of lime to nine gallons of water. Where one gallon of limetaoin

er. Where trees are badly infested two sprayings should be made, one now and another about the first of February. Remember that you can't do a good job of spraying unless you have a good barrel spray pump, so you should see about getting a good pump and also order your lime sulphur at once.

Good pruning which is absolutely necessary should be done before spraying, as it is useless to spray dead wood and branches that should be cut out. One reason that most farmers fail to prune more is that they have not suitable tools for pruning. Every farmer should have a good pair of lopping shears and a pair of hand shears.

If your old orchard is about gone you should lose no time in seeing about setting out another one. All you will have to do is to get in touch with your County Agent and he will select the right varieties for you, tell you where you can get good trees at a reasonable price, and also instruct you how to set them out.

If you can't get the use of a barrel spray pump, get your neighbors to go in with you and your County Agent will help you to get the right pump at the right price.
